Georgia, where Europe and Asia starts, has been desperately fought over as a prize among the many empires that surround it. The land that invented wine, with the world's oldest viticulture, has a tradition of warmly greeting guests surpassing all others. Its rich architectural tradition, its music, dance, crafts, and culinary triumphs have drawn visitors from far and near for centuries. Georgia is filled with snow capped mountains and some of the world's best skiing, endless verdant orchards with every conceivable fruit, many that grow in Georgia's temperate weather and fertile soil, as well as ancient castles and monuments to ancient times waiting to be rediscovered.

Tbilisi, Georgia's capital captures the imagination of writers and artists with its balconies and winding streets. More recently, its geo-strategic importance and dynamic economy make it the perfect base for investors, travelers and those in the creative and intelligence professions. Tbilisi has one of the world's great opera companies, and every night is filled with film, theater, and dance performances in many languages.

Whether your intention is to bring a team for a retreat in a beautiful

and stimulating new location, meet local partners, discover one of Tbilisi's many excellent small restaurants or cafes, or simply to relax and be taken care of, Betsy's, the center of Tbilisi's social and commercial life, awaits.
